INSTITUTE OF MATHEMATICS
POLISH ACADEMY OF SCIENCES

Open call
for Wacław Sierpiński Postdoctoral Programme
at the Institute of Mathematics
of the Polish Academy of Sciences

Applications must be submitted by **January 30th, 2026**, only using the application form. The application should contain a CV, a research statement, a list of publications with mandatory statements on AI use in each article, and a proposed collaborators at IM PAS, as well as a copy of the diploma and its recognition certificate (if applicable). Additionally we request the candidates to submit a description of their 3 most important research achievements and a detailed description of the use of AI in developing them and in preparation of the relevant manuscripts. To be eligible for the open call, candidates must have obtained their doctoral degree between 2 and 7 years prior to the above deadline (this period may be extended in the case of justified, documented interruptions in scientific activity, such as parental leave or prolonged illness).

By the same date two letters of recommendation should be sent by e-mail to konkurs@impan.pl. In the subject of the e-mail, indicate please “Open call for postdoc programme Wacław Sierpiński” and the full name of the candidate.

This is a prestigious research position offered within the Wacław Sierpiński Postdoctoral Programme, which supports outstanding career researchers. The Institute reserves the right for the open call to be inconclusive. Persons accepted as part of the competition can expect preferential employment conditions.

The offer concerns positions of assistant and assistant professor for 2 years, starting from the beginning of the academic year 2027/2028.

The successful candidates will be required to conduct intensive research activities in teams at IM PAS, including teams implementing national and international research programs.

The open call will be settled in mid-June 2027, and the candidates will be notified of the result by e-mail. The committee reserves the right to interview the candidates. The condition for taking up a job is the candidate's consent to include them in the number of people appearing in the application for a statutory subsidy, and obtaining a leave (if applicable) from the home institution.

Additional information can be obtained at https://www.impan.pl/pl/ and from the office of Research Support Department at konkurs@impan.pl.

We encourage all qualified candidates to apply, regardless of gender, age, ethnic, national or social background, religion or beliefs, sexual orientation, disability, political or social views, or financial circumstances.

Deputy Director
Institute of Mathematics of PAS

Prof. Piotr Nowak
